Other conditions

There is a mechanism of transfer of funds between the Current account and the Savings Component, which may take several forms, as **chosen by the Client:**
1. Variable Option: automatic transfer of a variable amount from the Current account to the Savings Component, with the possibility of a transfer back. (1)

Forms	Rules
Fixed days in each month for monthly transfer. **(2)**	The Client may fix a maximum of 4 days per month for the execution of transfers from the Current account to the Savings Component.
Required balance in the Current account after transfer of funds from that Account to the Savings Component **(3)**	The Client may fix an amount equal to or greater than €1,250.
Amount of transfer from the Current account to the Savings Component.	Multiples of €100.
Amount of transfer from the Savings Component to the Current account.	Transfers in multiples of €100 until restoring the final balance in the Current account, in case of overrunning or if the balance in the account is lower than the minimum balance referred in the "amount" field. If the funds in the Savings Component are not sufficient to transfer multiples of €100, the Savings Component will be debited for the existing funds, as required to restore the Current account.

Other conditions (continuation)

2. Fixed Option: Automatic transfer of a fixed amount from the Current account to the Savings Component with possibility of a transfer back. (1)

Forms	Rules
Fixed day of the month for execution of transfer. **(2)**	The Client may choose any day of the month.
Amount of transfer from the Current account to the Savings Component. **(3)**	Minimum €50.
Amount of transfer from the Savings Component to the Current account.	Transfers in multiples of €100 until restoring the final balance in the Current account, in case of overrunning or if the balance in the account is lower than the minimum balance referred in the "amount" field. If the funds in the Savings Component are not sufficient to transfer multiples of €100, the Savings Component will be debited for the existing funds, as required to restore the Current account.

3. The Transfer is not Automatic

- There is no kind of automatic transfer between the Current account and the Savings Component. The Client is free to make any transfers between the Current account and the Savings Component.

Notes:

(1) - In any case the Client may at any time make transfers between the Current account and the Savings Component.

(2) - When fixing the date for the periodic transfer you must take into account that February only has 28/29 days.

(3) - In the case of automatic transfers from the Current account to the Savings Component, the transfer must be made from the Available Balance.

Free access to the following products is covered by account maintenance:
Free provision of an debit card and free provision of an "Gold" credit card for the cardholder and the additional cardholder, access to online services and mobile device with non-urgent one-off SEPA+ credit transfers, service payments, mobile phone top-ups, payments for goods and services, direct debits and ATM withdrawals.
Gold credit card with exemption of filling station fee, exemption of fees for purchases abroad, i.e. foreign currency service fee applicable to payments in currencies other than the euro, and international transaction processing fee and waiver of payment of up to €50 in losses involving unauthorized transactions due to loss, misplacement, falsification, robbery, theft or misappropriation of the card, except in the case of cardholder fraud or gross negligence.

Deposit Guarantee Fund	Deposits made in novobanco benefit from guaranteed repayment offered by the Deposit Guarantee Fund whenever deposits are not available for reasons directly related to the Bank's financial situation. The Deposit Guarantee Fund guarantees repayment up to a maximum amount of EUR 100,000.00 per depositor. The calculation of the amount of the deposits of each depositor is based on the amount in all the deposit accounts on the date on which the unavailability of payment occurred, including interest and, for deposits in foreign currency, converted into Euros at the exchange rate on that date. For more information, Clients are advised to go to www.fgd.pt.
Depositing Institution	NOVO BANCO, S.A.. For any additional information, the client should contact a branch of the Bank or reach out via the Direct Line 707 24 7 365, available 24 hours a day (with personalized service on business days from 8:00 a.m. to 10:00 p.m., and on weekends and public holidays from 9:00 a.m. to 6:00 p.m.). Call costs are €0.09/ min from a landline and €0.13/min from a mobile network, plus VAT at the applicable rate. Alternatively, the client may consult the Bank's website at www.novobanco.pt.
Validity of the conditions	At the present date.
